

44^{ème} Congrès de la Société Francophone de Chronobiologie

Journée de Formation / Training session
ESPCI, 10, rue Vauquelin, Paris 5^{ème}, France

Mercredi 29 Octobre 2014 / Wednesday October 29th, 2014

- ▶ 8h30-8h50 Enjeux de l'action Européenne CASyM (FP7) et de cette formation
Challenges addressed by the European action CASyM (FP7) and this tutorial
D. Rozman (University of Ljubljana, Slo) & F. Lévi (INSERM, Villejuif, F)
- ▶ 8h50-9h30 Introduction aux horloges biologiques / Biological clocks for beginners
A. Klarsfeld (ESPCI ParisTech, F)
- ▶ 9h30-11h00 Approche système du contrôle du cycle cellulaire et du métabolisme par les horloges biologiques / Systems approach to biological clock regulation of cell cycle and metabolism
F. Delaunay (CNRS/INSERM, Nice, F) and A. Goldbeter (ULB, Bruxelles, B)
- ▶ 11h00-11h15 Pause
- ▶ 11h15-12h30 Approche système de la chronothérapie des cancers
Systems approach to cancer chronotherapy.
F. Lévi (INSERM, Villejuif, F) & A. Ballesta (Mount Sinai Hospital, New York, USA)
- ▶ 12h30-12h45 Questionnaires (1)
- ▶ 13h45-14h00 Ouverture du Congrès/Opening of the meeting: F. Lévi and A. Klarsfeld
- ▶ 14h00-14h45 Conférence introductory/Introductory lecture: U. Schibler (University of Geneva, Sw)
"The mammalian circadian timing system: communication between clocks"
14h45-15h00 Discussion générale/General discussion
- ▶ 15h00-16h20 Session 1 Horloges circadiennes, des gènes au métabolisme
Circadian clocks, from genes to metabolism
(partnership with the European Biological Rhythms Society-EBRS)
- ▶ 16h20-16h50 Pause-café/Coffee break
- ▶ 16h50-17h20 Conférence plénière/Plenary lecture: H. Dardente (INRA, Tours, F)
"Synchronisation of seasonal rhythms"
- ▶ 17h20-18h40 Session 2 Synchronisation des horloges biologiques
Synchronization of biological clocks (partnership with EBRS)
- ▶ 18h40-19h00 Questionnaires (2)
